

Francesco TOIA

Master's Degree in Finance

07.04.1996, Busto Arsizio (VA), Italy

"Doing is the best way to learn"

Giacomo Leopardi

Determination, stubbornness, and tenacity are the qualities that best tell the story of my personal and academic experience. I have always sought out new challenges to test myself and achieve each goal. It is through these experiences that I have learned the value of synergy and teamwork. **Optimist** by nature: there are no problems, but opportunities to improve. Passionate about music and sports.
